PROCEDURES: Review the permit program screening questions found in the Permit Information Checklist to determine relevancy of DEQ permit programs. The checklist contains "yes" and "no" questions that help identify the types of activities at the proposed facility or project that may require permits from the DEQ. If a permit program applies, then obtain the necessary permit coverage from DEQ. More information about DEQ permit programs can be found online <http://www.michigan.gov/deq> (select "Permits" from the menu bar). Each permit program, including the statutory basis and application procedure is summarized in the [DEQ Permit and Licensing Guidebook](#).
